

Tiger XT range represents the next generation of portable VOC detectors, they come with a range of accessories to further enhance your instrument! Contact your local distributor for pricing and more information, quoting the part number (P/N) when placing an order.

MultiAdapter with Probe **Extension 300mm**

- for Tiger XT range Flexible probe attaches to the Tiger XT range and is used for hard to reach spaces. P/N: A-912336

Flexi Probe 1m

- for Tiger XT range The 1m flexi probe enables greater flexibility for the detection of VOCs in hard to reach places. P/N: A-912337

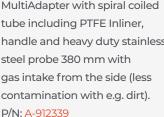

MultiAdapter with Pipe Connector

- for Tiger XT range Quick connection for pipe 4/6 mm (ID/OD). P/N: A-912338

Container Probe (Push-Through)

- for Tiger XT range MultiAdapter with spiral coiled tube including PTFE Inliner, handle and heavy duty stainless steel probe 380 mm with gas intake from the side (less contamination with e.g. dirt).

Calibration Gas 100 ppm Isobutylene 34 L

- for Tiger XT range A 100 ppm isobutylene gas cylinder for accurate calibration and verification of instrument performance. P/N: 861655

Car Charger Lead

- for Tiger XT range This car charger lead plugs into the Tigers charge cradle allowing the instrument to be charged from a standard 12 Vdc cigar/cigarette lighter socket. P/N: 1/JAWU-01

PID Calibration Kit 100 ppm Isobutylene 103 litres

- for Tiger XT range This gas is used to calibrate the Tiger XT, Tiger XTL and Tiger XT Select.

P/N: A-845213

PID Response Check Pen

for Tiger XT range
 Provides simple and quick
 reassurance that your detector
 is responding to the presence
 of VOCs, prior to use.

Exhaust Barb

- for Tiger XT range
This exhaust barb screws
into the exhaust port of the
instrument allowing gas to
be captured into a sample
bag via 1/4" ID pipe.

P/N: A-861482

Probe Upgrade Kit

 for Tiger XT range
 Nozzle with Filter Clamp and Probe Seal.

P/N: A-880210

Carbon Filter

for Tiger XT range
 Used to zero the instrument
 during the calibration process.
 P/N: A-31057

PTFE Filter Disc (Pk10)

for Tiger XT range
 Used to protect the instrument
 from debris and water ingress.
 P/N: A-861632

Tiger XT Alkaline Battery Pack (AA Batteries)

for Tiger XT range
 Accepts 3 x AA alkaline
 batteries. Ideal for when you
 can't recharge the rechargeable
 Li-ion battery pack.

P/N: A-912251

• for Tiger XT range Offers up to 24 hrs of continuous use. Charge time up to 8 hrs.

P/N: A-912250

for Tiger XT range
 Used for hard to reach areas
 such as confined spaces.
 P/N:

5m: A-861413 10m: A-861414

Stack Removal Tool

• for Tiger XT range
Allows safe, easy removal of the stack from the MiniPID sensor.

PID Lamp Cleaning Kit

• for Tiger XT range
Used to clean the lamp within
the MiniPID sensor ensuring
optimal performance.

The 10.6 eV lamp is an internal element to the ION manufactured MiniPID sensor and is specifically designed for use only with this PID.

P/N: LA4TM600

This lamp is the internal element of the 11.7 eV sensor.

P/N: LA4TM700

Electrode Stacks

Specifically designed for the Tiger XT, Tiger XTL and Tiger XT Select MiniPID sensor.

P/N:

Tiger XT: A-846267 Tiger XTL: A-846496

Tiger XT Select: A-846417

Benzene Tubes (Pk 10)

for Tiger XT Select only
 Attaches to the Tiger XT Select
 for rapid detection and selective
 measurement of benzene.
 P/N: 861482

Accessory Kit

for Tiger XT range
 Contains a lamp cleaning
 kit, PTFE filiters and other
 components required for
 general user servicing.

P/N: A-861498

Tiger XT: A-912300 Tiger XTL: A-912302

Tiger XT Select: A-912304

Tube Holder

 for Tiger XT Select only
 Designed to hold the benzene tube to the Tiger XT Select.
 P/N: A-880209
