

Falco Pumped VOC Monitor

Hydrophobic Filter Installation Instructions

Hydrophobic Filter
Part number: 5/FH-01

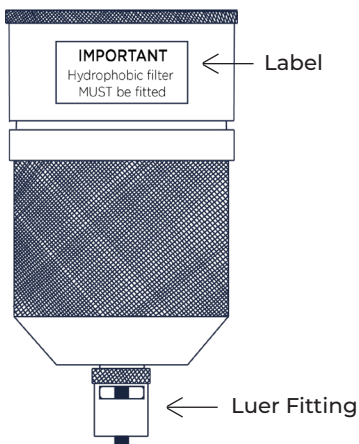

Luer Fitting
Part number: A-873275

Quote the above part numbers when ordering replacement parts.

Please ensure that before running the Falco instrument you have attached the Hydrophobic Filter to the Luer Fitting, this prevents the ingress of water and moisture.

- 1 The Falco instrument will arrive to you with the Luer Fitting and Label attached (see image below)

Falco Pumped VOC Monitor

Hydrophobic Filter Installation Instructions

2 Step 1
Attach the Hydrophobic Filter to the Luer Fitting, ensure that the Hydrophobic Filter is the correct way up (see image below)

Step 2
Screw/rotate the Hydrophobic Filter clockwise until secure (see image below) **Note: Do NOT over tighten**
